Back in 2007, I bought a HIPER HPU-4K580-MS 580W power supply. I used it for about two years in a pre-built HP/Compaq computer that I used to own. Then after two years I decommissioned the computer and placed the PSU on the shelf. I have plenty of new EVGA PSU"s laying around, but I'd hate to toss the Hiper 580 watt unit out and clutter the ...
