What is fsolar off grid solar system in Abu Dhabi & UAE?

FSolar offers solar off grid system in Abu Dhabi and UAE. Off Grid Solar systems are those which employ battery storage and a backup generator. These kind of solar systems ensure power at all times. Here is reason why you should go for OFF-Grid Solar system in UAE. These are ideal for remote areas where no access for grid.

What is a hybrid solar inverter?

ON-Grid or OFF-Grid Solar inverters work in corresponding on-grid or off-grid Solar systems, but a hybrid solar inverter is a combination of both on-grid and off-grid solar inverter. These type of inverters can control the solar panel arrays for storing batteries and power grids, at the same time.

What is a solar inverter?

These type of inverters can control the solar panel arrays for storing batteries and power grids, at the same time. These inverters are much viable for solar systems than on grid or off grid Solar inverters, but more expensive too.

What are the different types of inverters?

Inverters are of three types: sine inverters, modified sine inverters and square inverters. Sine wave inverters are ideal to power computers, home appliances and are perfect for running sensitive electronic products. A modified sine wave inverter could be used to power electronics or audio equipment and light bulbs and are a cheaper option.
