

C200 all black components

What makes a C200 a good cooling system?

On the side, a tempered glass side panel allows you to show off your components through a sleek black tinted window. Enjoy compatibility with all your favorite components and support for liquid cooling solutions. The C200 also houses a PSU shroud to hide unsightly cables and uses detachable dust filters for efficient and easy cleaning.

What is C200?

C200 is a community of the most successful women in business, representing companies with more than \$1.4 trillion in combined revenue and employing more than 2.5 million people. C200 is a powerful community where women strengthen and inspire each other, united in their purpose to advance women's leadership in business.

What new feature does the C200 have?

The C200 received the biggest change, bringing a new mild hybrid drivetrain and more equipment. What's in the range and how much does it cost?
