Santo Domingo. Santo Domingo is the Dominican capital and the Caribbean's most populated city. In the 15th century, it was home to the natives (Tainos) until Christopher Columbus found it and the European troops colonized it. Most colonial buildings still stand today, giving the city a real historical look.

It can be helpful to have enough outfits for two weeks, as access to water and electricity can vary depending on location. Although tight and revealing clothing may be popular in the DR, it also has the potential to attract unwanted attention. As a safety precaution, please take this into account. Consider bringing:

Can you feel it? Days are getting longer, the light that enters the window is more cheerful and the rays of the spring sun combine with the fresh breeze of winter that is not gone yet. At IKEA we have everything you need to make the most of your little balcony, garden or that ray of light that illuminates your living room through the window.
