

Canberra Solar Air Conditioning

Does solarhub offer ducted air conditioning in Canberra?

It's for this reason that we offer solar panel and air conditioning installation packages to help make your Canberra property more energy-efficient. If you're in need of ducted air conditioning in your Canberra home, Solarhub has you covered with our eco-friendly solutions. [Learn more](#)

What is a solar rebate in Canberra?

This program helps Canberra's pensioners and veterans install energy efficient products in their home, such as solar PV systems, air conditioners and hot water heat pumps. Eligible homeowners can receive a \$2,500 rebate after a solar installation, as well as another \$2,500 rebate after a hot water heat pump or air conditioner installation.

Do you need air conditioner maintenance in Canberra?

Although we are able to repair air conditioner units, regular air conditioning maintenance in Canberra will typically minimise the need for larger-scale work to be carried out. Without efficient servicing, you run the risk of lower air quality, lower efficiency and potential unit malfunctions.

Who are the best solar & air conditioning installers in NSW?

We're the leading Solar and Air Conditioning Installers in Regional NSW & the ACT. We're rated Platinum Solar Installers by SolarQuotes, ranked the #1 Solar Installers in the ACT, and the best in the NSW regions we service.

How can Canberra's pensioners & veterans benefit from solar energy?

[Learn More](#) This program helps Canberra's pensioners and veterans install energy efficient products in their home, such as solar PV systems, air conditioners and hot water heat pumps.

Does climate plus offer air conditioning services in Canberra?

Climate Plus' air conditioning services in Canberra can cover all types of systems, including split, ducted, reverse cycle and evaporative units. A well-maintained air conditioning or heating system will keep your family or employees safe and comfortable year-round, without the hassle of system breakdowns.

SolarHub is recognised as a SolarEdge Preferred Partner, Enphase Platinum Installer, and Tesla Powerwall Premium Installer.
