

Container air-cooled generator set

What is a containerized generator?

Less Maintenance The Containerized Series generator sets are designed for harsh weather and strict acoustical standards,utilizing a standard 40' high cube container equipped with an array of innovative features,allowing the system to operate reliably even in the hottest environments - validated at ambient temperatures of up to 55 degrees Celsius.

What is an air cooled generator?

Air-cooled generators take in cooler air from the surrounding area to cool down its working elements. This type of generator can be permanently installed or comes available as a portable unit,depending on the model you choose. For a home installation,a stationary standby model is best.

Why should you buy a Cummins containerized generator set?

More Robust. More Control. More Reliability. Factory pre-integrated and customizable per site requirements,the new Cummins Containerized Series generator sets can provide significantly shortened lead time for installation,and a lower cost of ownership via a flexible design.

Powered Ccec 800kw 1000kVA Gen Set 50/60Hz 1500rpm ATS AC Alternator Container Type super Silent Diesel Generator Set for Sale ... 5kVA 6kVA 7.5kVA Air Cooled Soundproof Silent Diesel Generator ...
