

What is a luxury container house in South Africa?

This design is the perfect blend of wood and metal and is quite common for luxury container homes in South Africa. The shipping container provides the framework for the house, while the wood elements add a touch of elegance to the otherwise bare metal. There are numerous ways the wood can be incorporated into the design.

What is a container home?

Through innovative insulation techniques, latest building materials and expertise built up over years, the container home is now a beautiful, sustainable way of building your dream house. In the same way as Lego fits together, your home can be designed to your specifications with your finishes and interiors.
