

What is the new EU Regulation on external power supplies?

A new EU Regulation on external power supplies aimed at making a range of household appliances more energy efficient - from laptops to electric toothbrushes - enters into force as of 1 April 2020 within the context of EU ecodesign measures.

What are the new ecodesign requirements for external power supplies?

The draft Commission Regulation proposes new ecodesign requirements for External Power Supplies (EPS), Battery Chargers for portable batteries, Wireless Chargers, Wireless Charging Pads, and USB Type-C cables.

1. Extending the scope - Wireless Chargers and Battery Chargers for portable batteries, as per Regulation (EU) 2023/1542. 2.

What does EC 2019/1782 mean for external power supplies?

The European Commission (EC) has now published its revised regulation for the efficiency of all external power supplies (PSUs). The new EC 2019/1782 regulation means that all PSUs sold into the EU after the 1 st of April 2020 must comply with the following requirements:

Should multiple voltage output external power supplies be included in EC 278/2009?

Multiple voltage output external power supplies, which are not covered by Regulation (EC) No 278/2009, are being placed on the Union market in increasing numbers. They should therefore be included in the scope of the Regulation to ensure further energy savings and provide a level playing field.

Do external PSUs comply with EU regulations?

As of the 1 st April 2020, all external PSUs sold into the European Union (EU) must comply with the new European Commission (EC) eco-design requirements 2009/125/EC per EC regulation 2019/1782 of 1st October 2019 which supersedes EC regulation 278/2009.

Should external power supplies be included in the scope of the regulation?

They should therefore be included in the scope of the Regulation to ensure further energy savings and provide a level playing field. It is appropriate for external power supplies that adapt their output voltage to the primary load to continue to be included in the scope of the Regulation.

MAIN DOCUMENT Commission Regulation (EU) 2019/1782 of 1 October 2019 laying down ecodesign requirements for external power supplies pursuant to Directive 2009/125/EC of the European Parliament and of the Council and repealing Commission Regulation (EC) No 278/2009 (OJ L 272, 25.10.2019, pp. 95-106)

European Outdoor Power Supply V9

EUROPE only (48H ...

The European standard EN 50563 ("External a.c.-d.c. and a.c.-a.c. power supplies - Determination of no-load power and average efficiency of active modes") published in 2013 does not provide a testing methodology for adaptive EPSs that utilises the USB-C protocol.

Final Ruling External Power Supplies, Classes B - E. 3 EU - European Commission Ecodesign and Code of Conduct Standards The European Union has two different standards running in parallel, the Commission Regulation (EC) Ecodesign Directive 278/2009, which is mandatory for any product manufactured or imported

The requirements in the Regulation focus on power consumption at no-load condition (i.e. when no primary load is connected to the EPS) and on the EPS" average active efficiency (i.e. power conversion efficiency when the EPS ...

Solar Power Supply - The specialist in Europe for solar panels, portable power stations, energy storage and more. English Nederlands Nederlands Deutsch Deutsch English

Developer / Customer's supply systems shall be agreed separately with CLP Regions. The summation metering system, if any, shall be agreed separately with CLP. 2. Ratings and Protection Facilities of Main Incoming Circuit Breaker (MICB) Where the supply is to be taken directly from CLP transformer, the MICB shall be

Power supply for up to 9 effect pedals without ambient noise Advanced filter technology effectively prevents high-frequency background noise 3x Switchable power connectors 9 V DC, 500 mA / 12 V DC 375 mA / 15 V DC, 300 mA / 18 V DC 250 mA, ...

EHU (Electric Hook Ups) and camping power supplies for sale at GO Outdoors both instore & online. Get free delivery on orders over £163;80.

Buy outdoor power supplies in bulk online from 238 verified wholesale outdoor power supplies suppliers, manufacturers (OEM, ODM & OBM), distributors, and factory lists on Global Sources. ...
