

Folding container wholesale in UK

Who are boxes & crates?

We supply plastic material handling containers, crates, folding boxes and produce trays of all types for a wide variety of industrial applications including: manufacturing, retail distribution, food processing, growers, healthcare, education and catering. Boxes & Crates cover the UK, Ireland and European market.

What is a collapsible container?

Collapsible containers are mobile storage units, or flat pack containers that are screwed together on site, while maintaining the capacity for quick and easy relocation. This makes them a great all rounder for general purpose storage in any setting, either business or domestic, either on a permanent or temporary basis.

How long does it take to store a 2m container?

No specialist tools are required and two people can have the 2m store up in less than an hour. Larger collapsible containers of 3m and 4m will take a little more manpower, but the process remains the same. All sizes are compact enough when collapsed to be stashed away for future use.

Portable Space offer a range of flat pack containers, flat pack stores and flat pack bunded chemical stores for sale. These flat pack containers are ideal for small business where access for vehicles is restricted, we have also supplied many large contractors with site storage solutions in places such as multi-storey car parks and undercrofts.
