The Best Way to Connect a Portable Generator to Your Home. When a power outage occurs, the safest, fastest, easiest way to provide backup emergency power to a home is with standby generator system. An automatic transfer switch controls the home's source of power by switching it between the utility supply and the standby generator supply as required.

Petrol and diesel generators from 750W to 100kVA and above. HSS has a wide variety of generators to suit any circumstance. A choice of petrol or diesel generators are available from 750W up to 100kVA and above, with runtimes from 3 to 24 hours. A selection of our generators is also silenced and road-towable.
