What makes Huawei a good brand?

Huawei is a brand built on a reputation for reaction. See something happening in the market and move super fast to change the product offering. That is what most of us think of as the Huawei way. Sometimes, brands use another brand that forms part of their story as a security factor.

What is Huawei's new outdoor power station?

In a rare product release, Huawei has launched a new outdoor power station that is available in 500Wh and 1000Wh power ratings. The power station is a plug-and-play one and can be used to power various AC/DC devices such as rice cookers, drones, electric fans, and coffee machines.

Why is Huawei 5G CPE a good choice?

The outdoor design of Huawei's 5G CPE 2.0 enables it to provide stronger signals. The CPE 2.0's high signal strength and computing power allows it to provide data speeds higher than 3.5 Gbit/s, which is dozens of times higher than current home broadband speeds. Huawei's 5G CPE 2.0 is also fully compatible with 4G networks and frequency bands.

Why is Huawei redoubling its efforts in 5G end-to-end product research & development?

Huawei is committed to redoubling its efforts and investments in 5G end-to-end product research and development, so as to provide faster and better 5G services to all households and societies. Huawei's 5G outdoor customer-premises equipment (CPE) wins Red Dot Award: Product Design 2019 recently.

What is Huawei CPE 2.0?

Huawei's CPE 2.0 was designed with simplified installation and optimal experience in mind. It supports all mainstream 5G frequency bands and meets the requirements for large-scale commercial use of 5G. The CPE 2.0 promotes 5G development and marks a new milestone in the search for ever better means of communication.

Example: Huawei's sponsorship of the ABSA Cape Epic, a renowned mountain bike race in South Africa, highlights its commitment to sports and outdoor activities.
