Telescopic Poles Many times solar panel installations have hard to access points on the roof, making it complicated to perform regular cleaning. Unger telescopic poles are available in 12 different lengths, allow the cleaning of windows, glass surfaces and solar panels up to 30 feet high. With an ergonomic grip and lightweight design, Unger's ...

Why is it recommended to clean solar panels regularly? Solar panels are often laid outdoors at a gentle angle over a large area. After a period of time, dirt, dust, bird droppings and debris can easily accumulate on the surface, which will have a negative impact on the power generation efficiency and service life of the photovoltaic modules.
