

What is a QEP portable generator?

The QEP portable generator is perfect for rental use or larger work sites where the power needs to be shared. Looking for rental solutions? The extended safety features of the QEP R minimize the risk of damage to the generator through misuse. Other safety features include an onboard differential circuit breaker.

What are the best portable generators for contractors?

frequent single job use, the iP and P generators are the perfect solution. These portable generators are focused on contractors for personal use, who require portable power at a moment's notice. More intensive use? If you need something for more intensive use, with higher power levels and extended features then the QEP is the solution for you.

What is a portable power station (PPS)?

What is it actually? In layman's terms, a portable power station (PPS) is a powerful power bank with a capacity of 50,000 to 1 million mAh. Unlike a conventional power bank, the PPS has both USB ports and 220V sockets. That is, you can charge not only smartphones, but also house and computer equipment, routers, flashlights, etc.

What are the different types of QEP generators?

When it comes to urban environments and even lower noise levels, then the QEP S, with its noise suppression design, provides the perfect companion. IP generators from 1.6 to 3 kW; P range from 2.5 to 6.5 kW; QEP from 2.5 to 6.5 kW; QEP R from 5 to 11 kW; QEP S from 3.5 to 11 kW.

What can be connected to a power station?

After all, gas boilers, electric kettles, laptops, water heaters, etc. can be connected to it. This is to avoid being left not only without lights, but also without heat and basic comfort during rolling or emergency power outages," explains Valentyna Komarova, Marketing Director at Citrus. How is the power station powered itself?

The statement said nothing about the nuclear accident at the Rostov nuclear power station, the single largest generator of power for the grid in southwest Russia. Customers would be informed of a return to normal ...
