

Large Container Wholesale

What are the different types of plastic containers?

So many plastic containers to choose from; plastic bottles, plastic jars, plastic tubs, plastic pails, drums, plastic tubes, and much more. Find the right plastic container for your next projects in all shapes, sizes, colors, and styles. We separated our products by industry to help you find the perfect packaging solution for your business.

Why should you order containers in bulk?

Ordering containers in bulk is a perfect decision when you need many items but prefer to save money and time. Buying in large quantities also eases shipping logistics and provides uniformity in size, design, and features. Plus, delivering the containers all at once relieves you of multiple shipments.

What types of tin wholesale containers are available?

We currently offer the following types of tin wholesale containers: Hinged Lid Recyclable Tin Containers: These containers are available in two colors, black or glossy white, and three different sizes, micro, mini, and large.

What are the different types of eco-friendly wholesale containers?

Here is a closer look at the different types of eco-friendly wholesale containers available. Our tin containers are 100% recyclable and are built strong with sleek designs. Tin wholesale containers with lids have the advantage of being more resilient than plastic and paper cartons and more shatter-resistant than glass.

Why should you buy shipping containers wholesale from pelicancontainers?

Buying in large quantities also eases shipping logistics and provides uniformity in size, design, and features. Plus, delivering the containers all at once relieves you of multiple shipments. Why Buy Shipping Containers Wholesale From Pelicancontainers?

Why should you choose a wholesale container packaging company?

Some of the wholesale containers are made with either recyclable plastic, biodegradable materials, or tin. Regardless of which type of container packaging you choose, your brand will contribute to the overall efforts to lower carbon emissions, decrease plastic pollution, and increase sustainability.

Plastic jars come in single- and double-wall forms and they work beautifully with cosmetics and personal care products. If you're looking for a safe alternative to a glass container for your essential oils, give a plastic jar made with PET a try.
