Uninterruptible Power Supply. Catalog; Power Product; Uninterruptible Power Supply; We offer a wide range of reliable solutions for protecting your equipment supply, starting with home elektroniki, personal computers and working Un, as well as servers, networks, data centers and other critical equipment industry.

Macedonia Micro Uninterruptible Power Supply

Uninterruptible power supply enables you to work comfortably at your computer without fear of a sudden power failure during operation. You can safely shut down the PC, while keeping all data. The model is designed to protect personal computers and workstations from the major problems with power supply: high emissions of electromagnetic and ...

When choosing the right uninterruptible power supply, particular attention should therefore be paid to longevity, energy efficiency and reliability. While space-saving solutions are increasingly becoming the obvious choice due to the ever-increasing range of functions involved, the ability to communicate also plays an increasingly decisive role
