

Nanya Portable Backup Power Supply

What is the best portable power station for backup?

Anker Solix F1200 (1,229Wh): This unit was previously known as the PowerHouse 757 from Anker, and was also CNET's previous pick for "best portable power station for backup." Its UPS mode was one of the earlier units to boast "less than 20ms" switchover time in the event of a power outage. It's also currently \$500 off on Anker's site.

What can a power bank with AC ports power?

Some power banks do have the familiar AC ports, too, that can power very small devices. Typical power banks are very portable and used to charge phones, tablets, and even laptops sometimes. They usually only have USB ports.

What is a power bank & how does it work?

A power bank is vastly different from a power station. There's a significant difference in the amount of energy they can store, the cost of owning them and the devices they can charge. A power bank is a small, portable device that's used to charge electronic products like smartphones, laptops and more.

What can a portable power station power?

Other than simply recharging your devices, a portable power station can power lamps to light a room, or in some cases keep a fridge running during a power outage. Have power, will travel. It's easy to think that a power station is just a really big portable battery pack, but they offer so much more.

What type of batteries does the Samsung portable power station use?

Despite it being a 1,152 watt-hour unit, it's able to convert an impressive 87 percent of the stored energy into electricity to run your fridge or electronics. Combine that efficiency with its long-service life lithium iron phosphate (LFP) batteries and the company's recognized name, and there isn't much to dislike.

Is Bluetti AC2A a good power bank?

Bluetti AC2A (204.8Wh): A great option if you don't need a ton of capacity but do need options beyond just USB connectivity. This unit is in the capacity ballpark of a very large power bank and priced similarly. Plus, it's currently on sale through the manufacturer for \$150.
