Power up with Anker's 400W SOLIX PS400 Solar Panel. 23% efficiency, IP67 waterproof, and adjustable angles. Ideal for off-grid adventures and fast charging

The easy answer: it depends on the brand of the 400W solar panel. Modern solar panels that share the same power rating may not share the same features and, consequently, the same pricing. As expected, the more innovative and technologically-advanced solar panels typically cost more than simpler models.

High conversion efficiency rating - guarantees a faster solar charging speed. 0-100% in 3.2 hours (2 sets) or 6.4 hours (1 set). Customised in-app energy management: Prioritise solar or AC charging, view input and output power, battery levels and more. 5-year warranty - 5 years for DELTA 2 Max, 24 months for 400W Solar Panel.

Our most popular 12V kit! This 400W kit contains 2 of our high-efficiency 200W Monocrystalline panels with 9 busbars and our new 40A MPPT controller that can be expanded to 600W on a 12V system. This kit can be paired with our 200AH 12V Lithium battery. For a quieter, more peaceful outdoor experience, this kit is the perfect add-on to your off-grid solar trailer, RV, or boat!

400W solar panel blanket can be connected in series or parallel configuration or array. How you choose to connect multiple solar panels depends both on the size of your off-grid solar system and your power needs. Connecting solar panels in a series increases the voltage of the system, leaving the system current output the same as a single panel.

Add Anker SOLIX Home Power Panel and watch Anker SOLIX F3800 integrate your home power system, uniting the grid and rooftop solar panels. With the Anker app, you can manage energy and savings with modes like Self ...
