

Ngerulmud has a battery factory

Where is Ngerulmud located?

Ngerulmud is the capital of the Republic of Palau, a small island country located in the Pacific Ocean. Despite being the capital, Ngerulmud is remarkably quiet and sparsely populated, with fewer than 400 residents.

How many people live in Ngerulmud?

In summary, Ngerulmud has no residents, and the closest thing to that are the aforementioned officials and politicians, namely a president, a vice president, seven ministers, sixteen congressmen, and thirteen senators.

What to eat in Ngerulmud?

Ngerulmud, being the capital of Palau, an island country, has a great supply of fresh fish. Local restaurants often offer a variety of fish dishes, from tuna to parrotfish, caught locally and served fresh. Fishing is an integral part of Palau's economy and culture, ensuring the quality and freshness of the fish.

Why did government officials move offices from Koror to Ngerulmud?

Government officials moved their offices from Koror to Ngerulmud shortly afterwards. A 2013 piece in the Wall Street Journal reported that the Capitol Building, which was "not fit for the local climate," had put Palau out of debt, and a flaw in the ventilation system had recently caused a vermin infestation.

Why is Ngerulmud called a pygmy angelfish?

It was named Ngerulmud, referencing a nearby hill where, according to local tradition, women gathered to offer mud to the gods; mud referred to a type of fish, the pygmy angelfish (*Centropyge tibicen*), endemic to the Indo-Pacific region. Thus, the name of the capital can be translated as place of the fermented angelfish.
