A portable 12v power supply is used for camping, emergency backup, outdoor events, or any situation where access to a standard power outlet is unavailable. A portable 12v power supply typically consists of a ...

What Is an E12 Light Bulb? E12 for light bulbs is a designation used to describe the type of lamp base used for the product, which is the standard screw-in lamp base found on most LED bulbs today. It is about one inch in diameter, often used in A19 bulbs. An E12 candelabra bulb means it has a 12-millimeter base, which is about half an inch.
