What is a solar installation warranty?

The most comprehensive solar installation warranties will include: - Product warranty: This covers defects in solar panel materials and workmanship, usually for 10-12 years. Replacement panels are covered. - Performance warranty: Guarantees a certain level of solar panel output (typically 80% of original) over 25-35 years.

How long is a solar panel warranty?

Solar panel warranties vary depending on the manufacturer, but in the solar industry, a 10-year product warranty and a 25-year performance warranty are typically considered the minimum standard. However, some manufacturers provide a 25-year product warranty and extend the performance warranty to 30 years. How Much Does a Solar Panel Warranty Cost?

What types of warranties cover solar panels?

There are two basic types of warranties that cover solar panels. A product warranty protects you from defects in a solar panel stemming from material quality or manufacturing errors. This is also referred to as an equipment or materials warranty.

What is a performance warranty on solar panels?

Conclusion A performance warranty guarantees that the solar panel will not degrade below a certain percentage over a specified period, usually 25 to 30 years. This type of warranty is essential because solar panels naturally degrade over time.

How do I get a solar panel warranty?

Generally, the most robust warranties are obtained by hiring installation companies certified by the solar brands they represent. Alternatively, long warranties can also be secured from solar manufacturers that provide their own installation services. What Is Not Covered by a Solar Panel Warranty?

Why are solar panel warranties important?

Solar panel warranties are essential to any solar installation because they safeguard your investment. There are a few different types of warranties that cover your solar panels, and it is essential to understand the differences between them and which products offer the best guarantees to get the best deal on your solar system.
