A portable power supply is very much like a generator. They provide you with electrical power when you are camping or if the power is out in your home. There are a few differences, however, between a portable power supply and a generator. First of all, a generator runs on gasoline, while a portable power supply runs off of a rechargeable battery.

Empower Your Journey With The BougeRV 220Wh Portable Power Station For Fridge. ... Purchased to supply supplemental power in an off site location.
