JinkoSolar, the global leading PV and ESS supplier, recently delivers 123MWh of its SunTera liquid cooling energy storage systems to Yitong anew Energy Co., Ltd. for a solar-plus-storage project in Zhengye City, Gansu province. These prefabricated cabin systems will be incorporated into an existing solar park for peak shaving and valley filling.

Liquid-cooling is also much easier to control than air, which requires a balancing act that is complex to get just right. The advantages of liquid cooling ultimately result in 40 percent less power consumption and a 10 percent longer battery service life. The reduced size of the liquid-cooled storage container has many beneficial ripple effects.

The lithium iron phosphate-based cells used are classified as very safe and are designed for a service life of 1,200 cycles. With independent liquid cooling plates, the EnerC ensures reliable operation of the entire system for ...
