

Solomon Islands installs solar air conditioner

Does Solomon have a solar system?

Solomon has natural conditions suitable for solar power, and they are promoting renewable energy, but the grid-connected photovoltaic power generation system (hereinafter referred to as "grid-connected PV system") has not been introduced.

How many solar homes are there in the Solomon Islands?

"Solomon Islands currently has one of the lowest levels of access to electricity in the region, with over 85% of the population of Solomon Islands still without access to electricity and for this project alone, we received over 6,000 applications to obtain only 2,000 solar home systems," said Mr Aimaema.

Is Solomon (Honiara) a good place to install solar panels?

Solomon (Honiara) has about 1.3 times the amount of solar radiation (horizontal plane) than Japan, so the environment is optimal for PV installation. Using the following calculation method, the amount of power generated annually was calculated based on this solar radiation data.

Why is the power supply in the Solomon Islands so volatile?

Currently, most of the power in the Solomon Islands is dependent on diesel generated power which uses imported fuel. This volatile energy supply structure is susceptible to soaring fuel prices, and the people want it to be rectified as soon as possible.

Who is Deputy Director of the Solomon Islands Energy Department?

Deputy Director for the Solomon Islands Energy Department, Mr Gabriel Aimaema noted the significance of the project to Solomon Islands and expressed appreciation and gratitude of the region to the Government and people of Japan for the provision of the PEC Fund.

Who will receive a US\$3.99 million solar home project?

The Kiu community are the first recipients of the US\$3.99 million, which involves the installation of 2,000 solar home systems that will provide significant benefits to rural areas and outer islands in the eight provinces around Solomon Islands who will now have access to power for lighting and basic electrical appliances.
