MOGADISHU, Somalia (AP) -- Chatting women sitting outside makeshift homes at night is a new scene in a once-dark refugee camp in the Somali capital. In a city where darkness brings the threat of attack, recently installed solar lights are helping to ward off sexual assault.

Traffic lights are coming to Mogadishu for the first time in more than 20 years. The Somali capital currently has no traffic lights at all, but the municipal government plans to start installing solar-powered ones at 54 intersections in October. For the time being, police officers have to direct cars and other vehicles at busy street crossings.
