

Southeast Asia Solar Inverter Company

Who makes the best solar inverter?

#1 European PV inverter manufacturer brand*. SMA's multi-award-winning technology is protected by more than 1,500 patents and utility models. With nearly 40 years experience, SMA is the world's longest servicing solar inverter manufacturer. Leading global specialist in PV system technology with 100 gigawatts installed in more than 190+ countries.

Which company makes solar inverters in India?

Delta Electronics, based in Thailand, is one of the companies that produces solar inverters in India. They held 2.94 percent market share for inverter vendors in India during January-December 2019.

Where is SMA Solar Technology AG listed?

Since 2008, SMA Solar Technology AG, has been listed on the Prime Standard of the Frankfurt Stock Exchange (S92) and is listed in the TecDAX index and MDAX index. Our technology has won multiple awards and is protected by approximately 1,600 patents and utility models.

Who is SMA Solar Technology?

Today, SMA is developing sophisticated system solutions perfectly tailored to the needs of the "electricity prosumers" of tomorrow. Since 2008, SMA Solar Technology AG, has been listed on the Prime Standard of the Frankfurt Stock Exchange (S92) and is listed in the TecDAX index and MDAX index.

Who is Sunergy Solar?

Sunergy Solar Pte Ltd is the official technical and warranty exchange support for SMA and Fronius in South East Asia. We provide a one-stop service solutions for grid-tie, off-grid and hybrid photovoltaic systems.

What role does SMA play in a photovoltaic system?

Photovoltaics are playing an important role, given that they will soon be the most cost-effective energy source in all regions. To exploit their full potential, we will need to connect photovoltaics with storage, e-mobility and other sectors and integrate them into the entire system. Here, SMA has a key role to play.

For over 40 years, SMA has been setting technological trends and driving the development of renewable energies. With our groundbreaking inverter technology, we have made significant contributions in seeing that renewable ...
