

Sungrow Energy Storage Inverter is the world's first

Why should you choose Sungrow solar inverters?

From 2 kW to 8.8 MW, our solar inverters ensure optimal power conversion for residential, commercial, and utility-scale applications. Sungrow offers the advanced liquid-cooled energy storage system PowerTitan and PowerStack, ensuring more profitability for stakeholders in the energy storage market.

What is Sungrow floating system?

Sungrow offers the advanced liquid-cooled energy storage system PowerTitan and PowerStack, ensuring more profitability for stakeholders in the energy storage market. Sungrow Floating System offers products and solutions for different application scenarios worldwide.

Is Sungrow a bankable inverter?

No.1 bankable for 4 consecutive years. Sungrow Power Supply Co., Ltd. ("Sungrow") is the world's most bankable inverter brand with over 405GW installed worldwide as of June 2023.

Does Sungrow Power Supply have a global market share in 2022?

Sungrow Power Supply, having the largest market share among global energy storage system integrators in 2022, exemplifies a successful expansion into overseas markets. Alongside SunGrow, companies like BYD and Hithium are rapidly exploring international opportunities.

What is Sungrow Power Supply's PowerTitan?

Sungrow Power Supply, a forward-thinking renewable energy company with a focus on technological innovation, has recently launched the PowerTitan 2.0. This groundbreaking large-scale liquid-cooled energy storage system embodies the concept of "Integration of Three Electrics - Intelligent Storage Unity."

What makes Sungrow a global leader in Clean Power Conversion?

Sungrow has the world's largest inverter factory, with a global annual production capacity of 305GW, including 25 GW outside China. Offering a wide range of solutions and services, Sungrow is committed to providing clean power for all and is steadfast in its efforts to become the global leader in clean power conversion technology.

Makati, Philippines, April 18, 2023 /PRNewswire/ -- Sungrow, the global leading inverter and energy storage system solution supplier, introduced its latest product portfolio including its newest commercial and industrial (C& I) inverter, the ...

In 2018, Sungrow spearheaded a major R&D project and developed the world's first 6MW 35kV Solid State Transformer based (SST-based) PV inverter. This inverter ...

Sungrow Energy Storage Inverter is the world's first

Hefei, China, April 27, 2023 /PRNewswire/ -- Sungrow, the global leading inverter and energy storage system solution supplier, received the ETSI EN 303 645 certificate for its data logger, the Logger3000 from DEKRA, the international ...

The Company is recognized as the world's No. 1 on PV inverter shipments (S& P Global Commodity Insights) and the world's most bankable energy storage company (BloombergNEF). Its innovations power clean energy projects in ...

Manila, Philippines, 6 January 2025 -- Sungrow, a global leading PV inverter and energy storage system provider, has announced the successful deployment of the Philippines' first MW-level rapid shutdown project, utilizing its SG125CX-P2 and SR20D-M PV rapid shutdown solution. This landmark installation is a C& I PV project in Quezon District, Metro Manila, marking a ...

180+ Countries SUNGROW focuses on integrated energy storage system solutions, including PCS, lithium-ion batteries and energy management system. These "turnkey" ESS solutions can be designed to meet the demanding requirements for residential, C& I and utility-side applications alike, committed to making the power interconnected reliably.

The Company is recognized as the world's No. 1 on PV inverter shipments (S& P Global Commodity Insights) and the world's most bankable energy storage company (BloombergNEF). Its innovations power clean energy projects in over 180 countries, supported by a network of 520 service outlets guaranteeing excellent customer experience.

The Company is recognized as the world's No. 1 on PV inverter shipments (S& P Global Commodity Insights) and the most bankable Asian energy storage company (BloombergNEF). Its innovations power clean energy projects in over 170 countries, supported by a network of 520 service outlets guaranteeing excellent customer experience.

Founded in 1997 by University Professor Cao Renxian, Sungrow is a leader in the research and development of solar inverters, with the largest dedicated R& D team in the industry and a broad product portfolio offering PV inverter solutions and energy storage systems for utility-scale, commercial, and residential applications, as well as ...

FORT WORTH, TX., January 22, 2021 /PRNewswire/ Sungrow, the global leading inverter solution supplier for renewables, announced that it has forged a contract to supply its fully integrated Energy Storage System to the 100 MWac Chisholm Grid project in Fort Worth, Texas. Chisholm Grid has been under construction since August of 2020 and will be one of the ...

Hefei, China, April 11, 2025 - Sungrow, a global leading PV inverter and energy storage system provider, proudly announces the launch of PowerStack 255CS, the next-generation liquid ...

Sungrow Energy Storage Inverter is the world's first

Founded in 1997 by University Professor Cao Renxian, Sungrow is a leader in the research and development of solar inverters with the largest dedicated R& D team in the industry and a broad product portfolio offering PV inverter solutions and energy storage systems for utility-scale, commercial & industrial, and residential applications, as well ...

Sungrow, the global leading inverter and energy storage system solution supplier, won the world's first iF Design Award in the utility-scale energy storage system (ESS) category ...

The Company is recognized as the world's No. 1 on PV inverter shipments (S& P Global Commodity Insights) and the most bankable Asian energy storage company (Bloomberg NEF). Its innovations power clean energy projects in over 180 countries, supported by a network of 490 service outlets guaranteeing excellent customer experience.

Hefei, China, April 25, 2023 /PRNewswire/ -- Sungrow, the global leading inverter and energy storage system solution supplier, won the world's first iF Design Award in the utility-scale energy storage system (ESS) category for its liquid ...

Sungrow provides a one-stop energy storage system (ESS), which includes a power conversion system/hybrid inverter, battery, and integrated energy storage system. ... In addition to our industry-leading PV inverters and battery energy storage systems, Sungrow offers a complete range of solutions to support the operation and maintenance of these ...

Therefore, Sungrow has achieved global leadership in the bankability ratings of both energy storage and inverters. About Sungrow. Sungrow, a global leader in renewable energy technology, has pioneered sustainable power solutions for over 28 years. As of December 2024, Sungrow has installed 740 GW of power electronic converters worldwide. The ...

Sungrow is one of the largest solar inverter producers in the world and offers a wide range of hybrid energy storage and solar inverters. The popular inverters from Sungrow have proven to be some of the most reliable and cost-effective inverters on the market, while the SBR battery is one of the best-value modular battery systems.

Tokyo, Japan - February 24, 2025 -- Sungrow, a global leading PV inverter and energy storage system provider, is set to unveil its latest energy storage and power conditioning systems (PCS) at Smart Energy Week [PV EXPO] 2025 at Tokyo Big Sight. The showcase features over 13 state-of-the-art products, including the newly developed water-cooled C& I energy storage system ...
