

What is the standard power socket voltage in Tanzania?

All power sockets in Tanzania provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Tanzania if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

What type of outlet does Tanzania use?

Tanzania uses outlet types D, G at a voltage of 230V and a frequency of 50 Hz. Plug Compatibility: Type D, Type G Voltage: 230V Frequency: 50 Hz Can North Americans use Electronics in Tanzania without an Adapter? No! North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Tanzania.

What voltage does Tanzania use?

However, the voltage in Tanzania is the same as in Europe. What Outlet does Tanzania Use? Type D plug sockets have three round pins and a grounding pin. These plugs are typically used with devices that have a voltage of 230V. Type G plug sockets have three rectangular pins and a grounding pin.

Do I need a travel adapter in Tanzania?

Tanzania uses electrical outlets and power plugs of types D & G (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different? Then you will need a travel adapter.

Can a North American plug be used in Tanzania?

North Americans device plugs will not work with the outlet types in Tanzania. Also, the voltage in Tanzania is different from North American voltages. Can Europeans use Electronics in Tanzania without an adapter? No! Most Europeans will need a travel adapter when traveling to Tanzania.

Can I use electronic devices in Tanzania without an adapter?

Before you travel, check the information below to make sure your electronic devices are compatible with the outlet type and voltage. Tanzania uses outlet types D, G at a voltage of 230V and a frequency of 50 Hz. Plug Compatibility: Type D, Type G Voltage: 230V Frequency: 50 Hz Can North Americans use Electronics in Tanzania without an Adapter? No!
