The UPS provides a short time supply of uninterrupted power in the event of a power outage. Such provision allows us to take action, for example, switch power on the generator and avoid potential damage which results from unplanned shutdown of equipment. Take advantage of uninterruptible power supplies and avoid problems with power outages.

In 1986, it became the Pioneer company of Uninterruptible Power Supply production to meet the needs of rapidly developing computer and computer technologies in our country. Our company produced Turkey's first Static Transfer Switch (STS) in 2003 and is proud to be the only Turkish company producing 3-phase STS as of 2011.
