

Tigern type all black components

What is a Jinko Tiger neo 440wp all black solar panel?

The Jinko Tiger Neo 440Wp All Black Solar Panel (JKM440N-54HL4R-B) has excellent light trapping technology and current collection to improve power output, efficiency and reliability of the module. Please see Datasheet linked below or the Specifications tab for more details. Contact us for advice or bulk order pricing.

What is a Jinko Tiger N-type bifacial module?

Benefits You Can Count On: The Jinko Tiger Neo N-Type All Black Bifacial Module goes beyond efficiency. Here's what sets it apart: **Unmatched Efficiency:** Boasts a remarkable module efficiency of 22.52%, converting more sunlight into electricity, maximizing your return on investment. **Durable Design:** The module is durable.

Are Jinko Tiger Neo Solar panels anti-PID?

Contact us for advice or bulk order pricing. Jinko Tiger Neo solar panels have an Anti-PID performance guarantee thanks to an optimised mass-production and material control process which means there will be no loss of energy through degrading products.

What are Tiger Neo Solar panels?

Tiger Neo panels employ SMBB technology for better light trapping and improved reliability. The panels have an extremely durable design and offer excellent PID resistance for enhanced production and control. Solar Panels are subject to a 150 ex VAT delivery charge up to 50 panels. This is due to being transported by pallet.

What makes the n-type all black bifacial module unique?

What's more, The N-Type All Black Bifacial Module embodies this commitment to excellence. **N-Type Technology with TOPCon:** This advanced technology offers several advantages. N-type cells experience lower Light-induced degradation (LID) and LeTID (Light and elevated Temperature Induced Degradation), ensuring long-term power output.

How strong is a Jinko Tiger neo panel?

Enhanced Mechanical Strength: This Jinko Tiger Neo panel is certified to withstand even harsh weather conditions. It can handle a front-side static load of 6000 Pa and a rear-side static load of 4000 Pa, giving you peace of mind.

Tigern lever och jagar mest ensam. Den äter främst större och medelstora klövvilt, till exempel hjortar och vildsvin, men tigern är opportunistisk och jagar även andra djur som apor, harar, piggsvin, myrkottar, fiskar, och stora marklevande fåglar. Om det är nära till människor så kan tigrarna också ta tamboskap ibland.

The Jinko Tiger Mono-Facial All Black uses all new N-Type technology. This technology has extremely low
