

Uninterruptible Power Supply for Tower Crane

Does a tower crane need a power supply?

For all other times, the tower crane power supply requirement remains relatively low as only the tower crane cabin and in particular the aviation lights at the top of the crane need to be powered.

What is a CP-300 Crane?

The CP-300 is our Crane Series that are purpose-built to offer clean, UPS power for Tower Cranes. The Cranepower CP-300 offers Intelligent Power Management for high-powered tower cranes and other electric construction machinery.

What is the capacity range of the 3 phase 3:3 Online Modular UPS?

Three phase 3:3 Online Modular UPS, capacity range 10 -1500kVA. Power supply reliability, availability, maintainability of the critical equipment have gained ground-breaking improvement, which can provide customers with all-round, personalized electronics power supply complete solutions.

What is the capacity of online tower & rack ups?

Single phase 1:1 Online Tower & Rack UPS, capacity range 1-20KVA; Three phase 3:1 Online Tower UPS, capacity range 10-40KVA;

How does the cranepower CP-300 work?

The Cranepower CP-300 offers Intelligent Power Management for high-powered tower cranes and other electric construction machinery. The CP-300 works by buffering the intermittent peak load typical of cranes and hoists, converting them into smaller, more manageable average loads (32a or less).

What is the highest capacity of the offered UPS?

The offered UPS have a capacity range of 1-400KVA. Single phase 1:1 Online Tower & Rack UPS, capacity range 1-20KVA; & Three phase 3:1 Online Tower UPS, capacity range 10-40KVA; Featu... with high performance and reliability. fully DSP controlled and PFC technology to provide reliable power...
