

Uzbekistan Uninterruptible Power Supply Plant

Why is Uzbekistan generating so much electricity?

The increasing industrialization and urbanization has also been driving the power demand in the country. Uzbekistan's power generation mix includes thermal power plants with a total capacity of 10.6 GW, producing up to 90% of the total electricity.

Will Uzbekistan's new power plant expand its generating capacity?

In November 2022, Uzbekistan unveiled a new power plant that will extend its generating capacity. According to the Ministry of Energy, the power plant constructed in the Syrdaryo province's Khovos district will have the capacity to generate up to 1.7 billion KWh of electricity annually once it is fully operational.

Who is responsible for power plants & grids in Uzbekistan?

In Uzbekistan, Thermal Power Plants JSC, Main Electric Networks of Uzbekistan JSC, and Regional Electric Networks JSC are jointly responsible for the design, construction, installation, and commissioning works, as well as the repair and maintenance of the main equipment and accessories of power plants and grids.

Where can Uzbekistan build a nuclear power plant?

Uzbekistan shortlisted 10 sites across the country for construction of a nuclear power plant on the eastern and western shores of Lake Tudakul, a reservoir 25km northeast of Bukhara, on the border of the provinces of Navoi and Bukhara. By October 2018, the focus was on these sites.

How many PPP projects in Karakalpakstan Republic?

In "Construction of an announcement of 200 Karakalpakstan Republic. Active PPP projects - 22. Total amount 8,55 bln doll USA., capacity 10,4 GW. (4.6 bln doll USA, 4.4 GW). 56.9 bln kWh of electricity.. Saving 7.6 bln m3 of gas for electricity generation.

Khorezm of the Republic of Uzbekistan, near the border of Turkmenistan. 5. The new transmission line will transmit power from Takhiatash Thermal Power Plant and increase reliability of power supply for the Khorezm province and Karakalpakstan in the north-western part of Uzbekistan benefiting at least 3.5 million population. 6.
