

Western Europe 12v ups uninterruptible power supply

Why do we need an uninterruptible power supply?

Maximum availability and reliability of measurement and control technology, drives, sensors, cameras, communication and safety technology as well as embedded PC systems requires the uninterruptible power supply of these components in case of a power failure, flicker and voltage drop.

Why should you choose an IFP series ups?

It is ideal for PC users or small business companies, as well as for small telecom applications. The iFP series is equipped with AVR to reduce the impact of unstable voltage on equipment. The intelligent UPS' functions can also provide power during outages, and the battery automatically charges when power is restored.

What are the benefits of a decentralised UPS system?

Maintenance-free Supercaps, long-life and safe LiFePo₄ and lithium-ion battery packs or classic lead-acid batteries go into action. Our decentralised UPS systems provide effective protection against power failure, flicker, fluctuation or voltage drops in DC power supplies.

How long does an ups last?

The on-battery runtime of most uninterruptible power sources is relatively short like only a few minutes can go up to 8 hours but sufficient to start a standby power source or properly shut down the protected electrical equipment in your facilities. From small to large UPS we plan, design, manufacture, test and ship the UPS for you.

Is there a FS ups power supply?

No such product. Please try other options. FS UPS Power Supplies secure your critical data and protect electronic devices against power failures and sags for data Centres, SMB and branch offices. Rack and tower UPS power backup are available to suit your different power systems.

What types of UPS modules are available?

Furthermore, open frame variants for a direct system integration (UPSI), compact and maintenance-free DC UPS modules for DIN-Rail mounting (UPSIC), combined solutions with integrated energy storage (UPSI-DP) and IP67 outdoor versions (UPSI-IP) are available.
