ITAPOWER is an Italian technology company specializing in the research, development, and construction of power supply systems. We provide turnkey solutions for residential and commercial customers, with a product catalog that includes UPS, Telecom power & Data Center solutions, batteries, IT infrastructures, and more.

The average vehicle in Western Europe is 11 years old; in Central and Eastern Europe it is even older. That has a substantial effect on the repair market, as older vehicles are more likely to need maintenance and replacement parts. The age of the fleet also changes the mix of business between the authorized and independent supply channels.

The regions covered in the outdoor power equipment market analysis report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa. The countries covered in the outdoor power equipment market report are Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.
